Ayer's Hair Vigor

You know the story—how good Queen Bess, pointing to the beautiful hair of a peasant girl, said, "There's a real royal crown, I would trade my golden one for it." That was long ago. Now you can have a "real royal crown" of your own, simply by using Ayer's Hair Vigor. It makes the hair grow thick and long and stops it falling out.

When your hair is rich and heavy, and when the closest inspection fails to detect a single gray hair, you will certainly look a great deal younger, and you will be much better satisfied with yourself, too. Isn't that so?

RUSSIAN DELAY

AFTER FOUR MONTHS OF NEGOTIATION WITH APPARENTLY NO PROGRESS BECAUSE OF RUSSIAN DELAY AND PROCRASTINATION, JAPAN CALLS COUNT LAMSDORFF'S ATTENTION TO THIS IMPORTANT FACT.

In the progress of the correspondence between Japan and Russia preceding the war, the publication of which has been going on in The Star for several days, the point has been reached where Japan is beginning to protest at the delay and procrastination which Russia is displaying. Baron Komura saying "a speedy conclusion is only second in importance to a satisfactory conclusion."

No. 28.
Baron Komura to Mr. Kurino. (Telegram) Tokyo, Nov. 28, 1903.
You report in your telegram of November 22nd that Count Lamsdorff expected to have audience of the Emperor on the 25th instant. Accordingly you are instructed to see Count Lamsdorff as soon as possible and ask him what action has been taken regarding further instructions to Baron Rosen.

No. 29.
Mr. Kurino to Baron Komura. (Telegram) Petersburg, Nov. 27, 1903. Received Nov. 28, 1903.
Count Lamsdorff, told me he did not see the Emperor November 25th on

prompt answers to all propositions of the Russian Government. The negotiations have now been pending for no less than four months, and they have not yet reached a stage where the final issue can with certainty be predicted. In these circumstances the Japanese government cannot but regard with grave concern the situation for which the delays in negotiations are largely responsible. You are instructed to see Count Lamsdorff as soon as possible and place the foregoing considerations before him in such form and manner as to make your representations as impressive as possible. You will add that the Japanese government believe they are rendering service to the general interests in thus frankly explaining to the Russian Government the actual state of things.

No. 31.
Baron Komura to Mr. Kurino. (Telegram) Petersburg, Dec. 2, 1903. Received Dec. 3, 1903.
I heard that the Russian Government are still repeatedly communicating with Admiral Alexieff.

account of the sickness of the Emperor. Interior inflammation of her right ear has necessitated an operation. He said that he immediately despatched to the Emperor my note mentioned in my telegram of November 22.

No. 30.
Baron Komura to Mr. Kurino. (Telegram) Tokyo, Dec. 1, 1903.
The Japanese Government have from the first attached the highest importance to a speedy solution of the questions which form at this time the subject of negotiations between Japan and Russia. It seemed to them that in a matter of such vital moment as that which engages the attention of the cabinets of Tokyo and St. Petersburg a quick conclusion was only second in importance to a satisfactory conclusion. Consistently with that view the Japanese Government have at all times during the progress of the negotiations made it a special point to give

No. 32.
Mr. Kurino to Baron Komura. (Telegram) Petersburg, Dec. 4, 1903. Received Dec. 4, 1903.
Count Lamsdorff received me on the night of December 3, I handed him a French translation of your telegram of December 1st together with a letter which I addressed to him expressing fully the prevailing situation under which the Japanese Government are now laboring. He said that the question requires consideration still, and he is in communication with Admiral Alexieff; but the Emperor is to return December 5th, and he said that he will fully explain the urgency of the matter on the occasion of his audience on the following Tuesday. He thinks he will then be able to send instructions to Baron Rosen. To my question whether it is not possible for him to have audience at an earlier date, he said that Saturday is the fête of Crown Prince, no business is

Beer must be pure

to be good; must be brewed only from the best materials; must be scientifically filtered, thoroughly aged, bottled at the brewery and sterilized after bottling. It must always be shipped in the bottle, for beer shipped in bulk and bottled at supply depots is sure to absorb impurities.

The Famous **A·B·C** Beers

are guaranteed absolutely pure and free from all preservatives and chemicals

used in other brands of bottled beers, which are injurious to the health. They are never sold in bulk—are the only beers bottled exclusively at the brewery. Made from the finest Bohemian hops, they are aged for months, then filtered and piped direct from the brewery vaults into bottles by means of hermetically closed filling machines. This prevents the beer from coming in contact with the outside air, and insures absolute freedom from bacteria. It also preserves its natural effervescence and zest.

Six Points of A·B·C·Excellence

- 1—Purity. We absolutely guarantee the purity of all our beers.
- 2—Flavor. This is the distinctive, individual characteristic of any beverage, peculiar to it alone, and is the quality that has made A. B. C. Bohemian Beer famous.
- 3—Brilliance, clearness and polish, proving perfect brewing and fermentation.
- 4—Clean Taste. No disagreeable foreign or aftertaste, proving scrupulous cleanliness during brewing process.
- 5—Keeping Quality. The most trying test for bottled beer. A. B. C. Bohemian will keep and retain all of its qualities under varying conditions.
- 6—Solid, Creamy Foam, denoting body age and excellence of brewing materials.

He said that they will be officially communicated within two or three days through Baron Rosen to the Japanese government.
